Education

Brigham Young University – Idaho

Bachelor of Science in Computer Science

Cumulative GPA: 3.9/4.0

Anticipated Graduation April 2017

Rexburg, ID

Skills

Languages: Java, C++, JavaScript, Python, HTML, AngularJS, SQL, and R

Other: NetBeans, Windows, Linux, Subversion, Git, Jenkins, and Microsoft Office

Projects

Employee Theft Detection

Student Project

Current Project

Brigham Young University–Idaho

- Developing an application that analyzes large amounts of data using a Naïve Bayes classifier with the end goal of identifying potential fraudulent employee activity

Steam Library Assistant

Student Project

Spring 2015

Brigham Young University–Idaho

- Built a web application in Java using the Steam API that allows users to see what Steam games their friends play
- Collaborated with two other students to design and develop the application

Work Experience

Clearwater Analytics

Software Development Intern

May 2015 – August 2015

Boise, ID

- Collaborated with another intern to design and implement a RESTful web service in Java
- Worked on a team with four other interns to design and develop a user interface written in AngularJS
- Added additional functionality to a preexisting internal tool that compares internal client data against a provided Excel file
- Coordinated and conducted meetings with stakeholders to elicit requirements

Brigham Young University – Idaho

Teaching Assistant

October 2014 – February 2015

Rexburg, ID

- Helped students master principles of discrete mathematics through problem solving in C++

The Lawton Group

Temporary Worker

Summers 2011 – 2014

San Diego, CA

- Created an interface between two existing databases which saved the company approximately 120 working hours
- Learned the jobs of all other employees in my department which allowed me to fill in for any position at any time

Other Skills and Hobbies

- I love to cook – if I'm not programming, you'll probably find me experimenting in the kitchen
- I'm an avid volleyball player and have competed on the Junior Olympic level
- I enjoy studying music theory, writing music, singing opera, and playing the piano
